Levee District Income, Costs Drop

Receipts Down \$1.5 Million; Expenses Drop By Half Million

The East Side Levee & Sanitary District had income of \$2,580,286 during 1966, a decrease of \$1,490,884 below 1965, and total expenditures of \$2,722,467 during 1966, represented a cut of \$466,174 below the previous year, according to the annual report published today.

Actually, the extensive reduction in income was anticipated since 1965 receipts represented the oddity of two tax collections during the 1965 year. Because of a late collection of 1963 taxes in 1964 and an early collection of 1964 taxes beginning in 1965, the district's total income for that year reflected that collections in both St. Clair and Madison counties.

Cash balances at the beginning of 1966, however, amounted to \$1,888,338, or more than twice the \$707,047 balance on hand at the beginning of 1965. As a result, the larger cash balance at the start of last year, along with the \$2,580,286 in receipts, gave the levee district a total available income of \$4,468,624, compared to the total available income of \$4,777,180 in balances and receipts during 1965, even with the double tax collection.

Expenditures Down
Expenditures during 1966 out of both the general fund and special bond construction accounts amounted to \$2,722,467. Expenditures out of the same funds the previous year (1965) totaled \$1,888,338—higher by \$466,174 than the 1966 disbursements.

The reduction in disbursements was not due to any particular economy efforts, but was because some accounts which went unpaid in late 1964 had to be paid during the 1965 year when there was the double tax collection.

The levee district consequently ended the 1966 year with half-balance totaling \$1,446,369. Of this amount, only \$128,517 represented the general fund balance. The remainder was in nine various bonding accounts and six separate construction and project funds.

Distribution of this balance revealed a bulk of the money on deposit in the Bank of Cahokia—a total of \$852,061, indicating the Cahokia bank remains a favorite depository of the levee district. At the end of 1965, a total of \$1,088,811 of the district's \$1,588,538 balance was on deposit in the Bank of Cahokia.

List Bank Deposits
The remainder of the Dec. 31, 1966, balance of \$1,446,369 distributed as follows: First National Bank in Madison, \$817,428; First Granite City National Bank, \$57,718; Lincoln Trust State Bank at Caseyville, \$101,417; Bank of St. Louis, \$89,951; First National Bank of East St. Louis, \$33,832; and the Bank of Belleville, \$33,832.

At the end of the 1965 year, (Continued on Page 15, Col. 1.)

Young Hunters Wounded While Firing at Rabbit

(Picture on page 16)

One Granite City youth was wounded seriously and another received a minor wound while rabbit hunting with another youth three miles north of Granite City off Rock road near the Chain of Rocks Canal at 10:30 a.m. Friday.

Larry Conner, 17, son of Mr. and Mrs. Elsworth Conner, 3022 Circle drive, was listed in serious condition at St. Elizabeth Hospital, where he was admitted after receiving treatment for shotgun wounds to the left side, chest and abdomen.

Michael Candler, 16, son of Mr. and Mrs. Robert L. Candler, 2688 Highway 67, was released from St. Elizabeth Hospital following removal of a number of lead pellets from his left thumb.

Thomas Parker, 18, son of Mr. and Mrs. Thomas R. Parker, 2680 North street, was the other member of the hunting trio. He received no injuries.

Fire Simultaneously
Raymond Willard, Madison county sheriff's deputy, said that from all evidence the shooting was purely an accident. He said that apparently all the hunters fired simultaneously when a rabbit was detected in a field owned by the federal government.

Parker, who remained at the scene, told a Press-Record reporter that the three, all using .20-gauge shotguns, were spaced 20 to 30 feet apart when they fired the rabbit.

Parker, who had driven his auto to the hunting scene, said that after the shooting he ran his car to retrieve Conner from the middle of the field, but the vehicle became mired in the rained ground and then ran to a home on Rock road and called an ambulance and the sheriff's staff.

Three Vehicles Trapped
His auto was the first of three vehicles to mire down in the field.

Mercer funeral home ambulance called to the scene because stuck in the mud trying to reach the victim. Ambulance driver Robert Thomas Jr. used his radio transmitter and he called brought another ambulance to the scene shortly.

Thomas also notified St. Elizabeth Hospital to prepare for the wounded hunter.

A Madison county sheriff's office squad car became mired in the field when deputies drove into it to help the victim.

Dropped Pistol Wounds Boy, 10

A .22-caliber pistol which was dropped by David Knight, 701 Madison avenue, Madison, discharged and struck Mark Greathouse, 10, in the left forearm at 5:40 p.m. Saturday.

The accidental shooting occurred when the boy, who lives at home, 444 Lincoln avenue, Venice, he was taken to St. Elizabeth Hospital for treatment.

The parents, Mr. and Mrs. Oscar Greathouse, told officers the incident was a simple accident and declined to file a complaint. Their son was released from the hospital following emergency treatment.

House Burglar Chased, Gets Away; 14 Thefts Reported

A house burglar escaped following an auto chase by his victim during the weekend. Two other house burglaries were reported, and a Granite City man was strangled as a total of 14 thefts and burglaries occurred during the weekend in the Quad-City area.

A burglar broke into the home of Stanley Kozielek, 1218 Washington avenue, Madison, about 6:45 p.m. yesterday and escaped with \$131 cash and a watch. Kozielek gave chase but lost the burglar's car at 12th and Iowa street.

Kozielek told Madison authorities that as he approached his house he saw a man run from the house, jump in an auto and drive away. Kozielek followed but the burglar eluded him and he turned east on 12th street.

Kozielek then called police who reported entry was gained by breaking the glass in a rear door. Kozielek's bedroom was ransacked and \$130 cash taken from a dresser drawer. Another \$11 on the head was taken from another bedroom.

A rifle, a piggy bank containing \$15 to \$20, a radio valued at

Mathias Boy Scout Council President

Succeeds Steinhauer; 4 Other Quad-Cityans Elected by Council

(Picture on page 16)

Carl E. Mathias, service area manager of Illinois Power Co., was elected president of the Cahokia Mounds' Council, Boy Scouts of America, at the 46th annual business meeting in Edwardsville Friday night.

Mathias is immediate past president of the Tri-Cities Chamber of Commerce and has been active in many civic organizations. He is a former scout and was chairman of the 1966 United Drive drive here. A member of the YMCA board of directors, he headed the scout council's long-range (1965-80) study.

A. P. Steinhauer, council president from 1964 through 1966, presided at the annual meeting. Members of the council presented him with a framed resolution of appreciation. During his three years as president, the council established a conservation camp, improved facilities at Camp Sunn, established a long-range plan of growth and improved the district for improved service to institutions.

Other council officers elected were Vice-Presidents Howard Kaseberg, George T. Wilkins Jr. and Rollin Henn, all of Granite City. Victor Dresselous of Edwardsville and Dr. M. W. Grimm of Collinsville; William Shindler of Edwardsville, scout commissioner; and Albert Froelich of Granite City, treasurer.

Special resolutions were approved for recognition of volunteer leaders and the Missouri Conservation Department. Breakthrough for Youth recognition was given the following Uniwash district units: Packs 4, 6, 19, 20, 21, 24, 41, 95, 99 and 122; Troops 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

Boy Falls, Gun Discharges, Two Suffer Wounds
Wounds to the left upper arm and abdomen were suffered at 12:30 p.m. Saturday in the Bend road area by Warren Gall, 17, of 506 Bend road. Also injured by same shotgun blast was a companion, Gary Robinson, 14, of 252 Bend road.

The .410-gauge shotgun fired when it fell to the ground as the older boy was stepping out of an open trailer. He had dropped the gun as he foot broke through a board in the floor of the trailer.

The boys had taken the gun to go hunting and were near the Robinson home, sheriff's deputies related.

Both were rushed to St. Elizabeth Hospital for treatment. The Robinson boy, wounded by pellets in the left hand, was admitted to the hospital, and the Gall boy was transferred to Barnes Hospital, St. Louis. His arm wound was described as severe.

\$18,000 Loss in Fire at Former Display Home

Fire caused an estimated \$18,000 to \$20,000 damage to an unoccupied residence at 2400 O'Leary avenue at 12:45 a.m. Sunday.

Originating in the living room, the blaze is believed to have started from an electrical outlet or from a cigarette possibly discarded by an intruder.

The former display home, owned by Henry Ross, local building contractor, still contained some furniture. A preliminary damage estimate indicated at least \$2000 damage to contents, not counting the structure itself.

The two-story dwelling had four bedrooms and was of frame and brick construction. Insurance covered part of the loss.

City firemen also responded to a false alarm in the 2800 block of Madison avenue at 6:45 p.m. Saturday.

SMOKE AND FLAMES pour from the second floor apartment of Mrs. Shirley Ridenour, 1726 Delmar avenue, where a boy's screams alerted occupants to a \$10,000 fire at 9 a.m. Friday.

Boy's Screams Alerts 7 Persons To \$10,000 Blaze

Fire caused damage estimated at \$10,000 to a two-story frame dwelling at 1726 Delmar avenue containing the office of the Atlas Sales Co. and several apartments at 9 a.m. Friday. The building is owned by Lee Sheffer, who operates the office.

The fire started in the right front room of a second-story apartment of Mrs. Shirley Ridenour, and spread quickly.

Sheffer, in his first-floor office the time, said he heard Mrs. Ridenour's five-year-old son, Keith, screaming and crying.

Aids Family to Flee
He ran up the stairs, found the room full of flames, grabbed the boy and helped the mother down stairs. Also in the apartment was Mrs. Ridenour's sister, Patricia Bess.

Two other children, Linda, eight, and Nita, 9½, were in school.

The fire spread to the apartment of Mrs. Lita Forrester, who was at home with her son, Ronald Lix, six, and a daughter, Phyllis Lix, four.

Rushed to Hospital
The fire destroyed some insulin and syringes used by Miss Bess, a diabetic, before she had taken her morning dosage. She was rushed by police to St. Elizabeth Hospital for the treatment.

There was smoke and water damage to the two-room, first-floor apartment of Sheffer's mother, Mrs. Anna Sheffer.

The fire spread to the apartment of Mrs. Lita Forrester, who was at home with her son, Ronald Lix, six, and a daughter, Phyllis Lix, four.

At 3:30 a.m., while on patrol at the Namekiah Village shopping center, Patrolmen Ralph Parmley and Everett Kelly, later joined by Deputies Delbert Clemens of Madison and Randall Robbs of Worden, spotted a ball of light at the west horizon.

They watched it with a pair of binoculars and said it changed colors constantly from red to blue, hovered for a time, moved up, down and sideways and would stop.

At 4:25 a.m., while the deputies were patrolling a Vanon township road near Gabaret Island, they spotted the ball of light again, hovering some distance above radio towers in the area of Riverview blvd. and Broadway in St. Louis.

They said it was very bright, began quivering, started to move slowly to the north, changed colors to red and, after a few seconds, picked up speed and disappeared.

"Group of Light Bulbs"
The Press-Record was told by Homer Laird, 3090 Warren avenue, a city street worker, that between 7:30 and 8 p.m. Friday he noticed a UFO in the eastern sky. He had stepped onto the back porch of his home to check on his paper and saw the light.

Would You Believe a Local UFO? Police, Residents Do

An unidentified flying object was sighted and observed early Saturday by Granite City police officers and two Madison county sheriff's deputies.

At 3:30 a.m., while on patrol at the Namekiah Village shopping center, Patrolmen Ralph Parmley and Everett Kelly, later joined by Deputies Delbert Clemens of Madison and Randall Robbs of Worden, spotted a ball of light at the west horizon.

It was round and large and bright and appeared to be a long distance away. It wasn't flat at all. It was like a cluster of white light bulbs," Laird related.

Pontoon Marshal Quits; 5 Policemen Return to Jobs

Douglas Harvey, Pontoon Beach village marshal, resigned his position as head of the village police department during a special meeting of the board of trustees Saturday afternoon. His action was precipitated by the earlier resignations of five non-salaried village policemen, who have since announced they will remain with the department.

"After much serious thought on which course will serve the best interests of the village, I decided to resign," Harvey told the Press-Record. "I took into consideration the fact that the fellows no longer wish to serve under my leadership, and I felt the situation should be brought to a head now."

Harvey added the village police department has come a long way in the past 3½ years. He served as the community's first and only marshal since his appointment in April 1963.

"I am well pleased with the achievements by the department members since we organized," Harvey said, adding that the police force now has headquarters and radio equipment, provided at no cost to village residents.

Village President Staicoff said today the trustees agreed to withhold appointment of a new marshal until after the April 4 election. He added that the marshal's administrative duties will be handled by the board's police committee, headed by Donald McNew.

Police officers returning with the department include Capt. Merle Hensley and patrolmen James Denham, Micky Merz, John Turner and Edw. Zell. All had expressed dissatisfaction with Harvey's policies and leadership.

3 Incumbent Aldermen File Petitions in GC

Three additional filings were reported today by City Clerk Homer Pendleton for the April 4 city election in Granite City.

Walter F. Norn, 2711 Cayuga street, senior alderman on the city council, filed for re-election in the Fifth Ward.

Those who filed last week were Charles W. Moerlein, 1316 Edinboro road, incumbent, First Ward; and Claude Green, 2464 Illinois avenue, incumbent, Fourth Ward, who was appointed to his present term when Partney became mayor two years ago.

5 Undergo Surgery At Local Hospital

The following are recovering at St. Elizabeth Hospital from surgery which they underwent since Thursday:

Alexander Austin, 2024 Park avenue; Ann Hoson, 1737 Mark avenue; Obie Beasley, 2887 Indiana avenue; Margaret Wuebels, 2421A Benton street; Mary Black, East St. Louis.

2 DAYS WITHOUT A QUAD-CITY TRAFFIC DEATH

Statistics show that two crossing guards were hit by cars in a period of several years when a school-owned portable electric traffic light was being wheeled into the street. One guard suffered permanent, crippling injuries.

On May 11, 1965, a first grader at St. Elizabeth's, seven-year-old Alice Ann Byer, daughter of Mr. and Mrs. Thomas Byer, was killed at the crossing.

Mayor Partney has assigned a police car to watch the crossing as well as another city crossing guard.

William John Rittenberger, 68, of 3301 Franklin avenue, a school crossing guard, suffered fatal injuries when he was struck by an auto driven by Mitchell Elmore, 71, of 71 Janne court at St. Elizabeth's school.

It was taken by ambulance to St. Elizabeth Hospital where he died at 4:35 p.m. An inquest is being held this week or early next week.

Elmore told police that Mr. Rittenberger backed into the pedestrian crossing lane when the car was too close to be halted in time. The accident was witnessed by children whom the guard was preparing to assist in crossing the busy street.

Mr. Rittenberger, who suffered head and internal injuries, was thrown onto the hood of the auto by the impact and then fell off the side.

The car had been traveling east on Pontoon and the crossing guard was moving northward from the south side of the pavement inside the crosswalk painted on the street. In stepping backward, he apparently failed to realize that an auto was approaching since we organized."

Youngsters at the scene were Susan Miller, 10, of 2414 Woodlawn avenue, Tom Oseck, 11, of 32 Lakeside drive, Jennifer Dutchik, nine, 2570 Spalding avenue, Kathleen Miller, 10, of 2567 Pontoon road and Phillip Hill, 2540 Boyle avenue.

Stoptight Sought
Parents of the 520 youngsters attending the school began Saturday to circulate petitions calling for the city council to install pushbutton electric traffic lights at the crossing.

Raymond Uram, a spokesman, who has three youngsters attending the school, said regular traffic lights are needed rather than the school crossing type because of the hundreds of soccer players who use the St. Elizabeth playing fields throughout the week and on weekends.

Three Divorce Decrees Granted in Court Here

Three Granite City couples were granted divorces Friday by Associate Judge Austin Lewis in the Granite City division of circuit court. Decrees were issued to:

Rita Sharon Richter from Kenneth E. Richter. They were married July 1, 1964, in Granite City, and separated last Aug. 28. Cruelty was charged. Custody of one child was given to the mother, and the father was ordered to pay child support of \$15 to \$20 per week.

Esther Marion Knapp from Donald Louis Knapp. They were married July 22, 1950, at Long Beach, Calif., and separated last Dec. 31. Cruelty was charged. The mother received custody of three children, and the father was ordered to pay \$30 per week child support.

Diana Hamilton from Bobby Jo Hamilton. They were married Jan. 25, 1960, and separated Dec. 1, 1964. The husband is an inmate of the Utah state penitentiary where he was sentenced Dec. 7, 1965, on a robbery charge.

Two Traffic Charges

Mary L. Bowles, 49 Villa drive, and Blanche S. Picker, 2148 Orville avenue, were arrested Thursday night on traffic signal violation charges at Niedringhaus and Madison avenues. They were summoned for hearings by Feb. 3.

Willtrout's Condition Continues to Improve

Owen Willtrout Jr., 34, Bellefontaine Neighbors, Mo., a former local resident seriously injured in a truck accident Dec. 10, is reported in improved condition in Room 208 at Wohl Hospital, St. Louis. According to his parents, Mr. and Mrs. Owen Willtrout sr., 2546 Sheridan avenue, he may be confined there for several months. He is now allowed to have visitors.

The father of four young children, Willtrout sustained serious back, neck, shoulder and leg injuries when the truck he was driving plumed over a railroad viaduct on Interstate 44-66 near Eureka, Mo., and was struck by a passenger train.

Six Drivers Arrested, Police Use Radar Unit

Six drivers were arrested on speeding charges Saturday morning as traffic division police operated a radar unit in the 1700 block of Madison avenue. They were Edward Hancock, 1811 Venice avenue; Dave Anderson, no address listed; Thomas E. Myers Jr., 2441 Miracle avenue; Bohler T. Butler, 3204 Mercedia street, Venice; Charles H. Smock, 2142 Johnson road; and Raymond J. Hoelter, 2220 Lee avenue.

Injuries Shoulder

David Daniel, 16, son of Mr. and Mrs. Dave Daniel, 2441 Edison avenue, was treated Friday evening at St. Elizabeth Hospital for abrasions and swelling to the right shoulder. He sustained the injury when a jack slipped from under his car, causing the auto to strike his shoulder.

Brother's Name Omitted

Funeral services were held Friday for Mrs. Eva Kuflik, 68, of 4203 Lake drive, who died Tuesday, at St. Elizabeth Hospital. Omitted from the list of survivors previously published was a brother, John Cell, 2675 Grand avenue.

Lease Bidding Open For Land Along Canal

The St. Louis U. S. Army Engineer District is calling for sealed bids from persons wishing eight-month leases on 477 acres of government-owned land in the general areas east and west of the Chain of Rocks Canal. Located for the most part north of Granite City, the land will be leased for agricultural purposes only.

Bids must be submitted prior to 10 a.m. Wednesday, Feb. 15, to the District Engineer, 906 Olive street, St. Louis. Prospective lessees are required to include rental fees with bids. Fees amounting to \$100 or less must be submitted in full with the bid, while one-half must be included of fees totaling \$100 to \$500. No lease will be executed for a rental of less than \$15.

Tracts for lease range in size from 2½-acres to 85-acres. Full descriptions of each tract is available at the District Engineer's office.

Those leasing the government-owned land are restricted from planting, cultivation or producing most of the price-supported crops in surplus supply, the District Engineer advises. Crops prohibited from production include barley, corn, cotton, dry beans, grain sorghums, oats, peanuts, rice, rye, soybeans, tobacco and wheat. Lessees also are precluded from participation in the Soil Bank and or Feed Grain programs with respect to the land.

Tracts in the area open for bids previously have been farmed by Calvin Black, Harry D. Deatherage, Floyd T. Connor, Donald D. Golter, Ora J. Wofford, Richard L. Wilkinson, Robert D. Hancock, Ralph W. Beckmann and William C. Murphy.

Stop Sign Charge Filed

Edward E. Ors, 2819 East 25th street, was charged with a stop sign violation at 23rd street and Washington avenue at 6:35 p.m. Thursday. He was summoned for a hearing by Feb. 24.

CHECK PRESENTATION by Leo Schermer (center) of Madison, president of the Jewish Federation of Southern Illinois, to Teddy Kollek, mayor of Jerusalem, Israel, who accepted it on behalf of the United Jewish Appeal for help to needy immigrants, the chronically sick and the aged in Jerusalem. Looking on is Mrs. Schermer.

Schermer Leads Group At UJA Chicago Meet

Leo Schermer of Madison, president of the Southern Illinois Jewish Federation, led a large delegation from 11 Jewish communities at a recent United Jewish Appeal Midwest leadership institute in Chicago. Principal speaker was Teddy Kollek, mayor of Jerusalem, who told the group that "the city of peace does not have peace within its borders." He called it Jerusalem's initial problem, with integration of its large immigrant population the second greatest problem. Also among the delegates was Harry Wolff.

The UJA, largest beneficiary agency of the southern Illinois Jewish welfare fund campaign, is the major American agency aiding immigrants to Israel and other free countries.

The UJA aids Jews in 30 countries with welfare programs for the aged, the chronically ill and handicapped and assists in resettling immigrants in their new surroundings.

Kollek spelled out the specific needs for his constituency in terms of secondary schools, trained teachers and social workers, community centers and vocational-training centers.

He extended the gratitude of the Jerusalemites who have been helped by the UJA and the UJA leaders to help complete the job of rehabilitating the thousands of needy immigrants.

On Speeding Charges

Six drivers were arrested Thursday night on charges of speeding in the 1600, 1700 and 1800 blocks of Madison avenue. Summoned for hearings by Feb. 3 were:

Five Here Honored for Union Electric Service

Completion of 20 years of continuous service in 1966 by 171 employees of Union Electric Co., including four Quad-Cityans, was observed formally Saturday night when they were installed as members of the utility company's veterans' association.

About 1100 of the association's 2558 members attended the company's 47th annual veterans dinner held in the Khorassan Room of Hotel Chase-Park Plaza, St. Louis. The association was organized in 1920 with 32 charter members.

The group also honored 78 members who completed 40 years with the company last year, among them Mathew R. Kezele, 1589 Joy avenue.

Four 50-year veterans, Mrs. Sarah B. Bradbury, William P. Crowley, Max Golub and Joseph A. Oeder, received special awards from the company.

New officers installed by the association were Homer Champion, chief veteran; William Alschuh, secretary; and Joseph Oakes, social chairman.

Local residents honored for 20 years of service were Walter G. Crawford, 3021 Washington avenue; Ellis N. Hackney Jr., 2817 Lincoln avenue; Roy P. Ponce, 2108 Lindell blvd.; and Howard A. Reinhardt, 2334 East 25th street.

Mrs. Elizabeth Blythe Dies of Heart Ailment

Mrs. Elizabeth Blythe, 53, of 2116 Dewey avenue died at 11:30 a.m. Friday at St. Elizabeth Hospital, 40 minutes after she was stricken with an apparent heart attack at home.

She had been ill with a heart ailment for the past month, and was hospitalized briefly at Christmas time.

A native of Dover, Tenn., Mrs. Blythe had resided in Granite City 21 years. For the past ten and a half years she was employed at the F. W. Woolworth store here. She was a member of Retail Store Employees Local 435.

Surviving are her husband, Walter Blythe; three brothers, Walter Perigen of Collinsville, Charles Perigen of Granite City and William Perigen of Cottonwood, Calif.; and four sisters, Mrs. Bessie Harwood of Belleville, Mrs. Lucy Harris of Santa Monica, Calif., Mrs. Ella Renollet of East St. Louis and Mrs. Lily Chaboudie of Granite City.

Funeral arrangements are given in today's obituary column.

Treatment Lagoon At Quiet Valley Being Improved

Pontoon Beach village trustees were advised by President Thomas Staicoff Thursday night that improvements have been made to the Quiet Valley subdivision lagoon-sewerage treatment facility in line with recommendations outlined by the Illinois Department of Public Health.

A letter from public health officials, dated Dec. 16, cited several instances where the system did not meet the state board's requirements, based on a survey by department engineers Oct. 15.

The village board did not meet in December.

Items listed included inability of the lagoon area to retain a required two-foot water depth to ensure proper operation, and an accumulation of substantial weed growth and other foreign matter which may cause inefficiency and produce offensive odors.

The public health authorities also urged village officers to post warning signs against unauthorized persons entering the lagoon area and advised that the operator of the system must be certified by the state board. They also called for a monthly report to be submitted to the state and a weekly report to the village board.

Staicoff said the water level in the lagoon is being built up at the present time with additional water acquired from wells recently sunk in the area.

He added that weeds are to be removed as quickly as possible and other recommended work will be completed this spring.

Rabies Control, Snow Removal
Madison County Rabies Control Officer Roy Halbe advised the board that fees amounting to \$14 must be submitted to enable the village to participate in the county-wide rabies control program.

Nameoki Township Highway Commissioner Charles Hamk notified the board that \$270 has been authorized from the village's share of motor fuel tax funds for payment of ice and snow removal from streets and highways.

Permission was granted to install a drainage culvert through street curbing, if the project is completed in the way specified by Charles Hudgens, village building inspector.

Septic Tank Standard
Hudgens also submitted drawings and specifications of a 750-gallon septic tank system which he proposed be adopted by the board as the minimum standard requirement for future new home builders in the area.

He told the board that adoption of such an ordinance would enable him to enforce building regulations and ensure a reduction in future sewer and drainage problems in the village. The proposal was referred to the ordinance committee for further study.

Financial reports presented by Village Clerk Edison Phiege included receipts of \$575 and dis-

367 Scouts Compete in 3rd Klondike Derby

Only a thin coating of snow remained on the ground Saturday but the third running of the Klondike derby in the Cahokia Mound Council, Boy Scouts of America, attracted 367 scouts in 56 patrols. The afternoon of outdoor scouting was held at Cahokia Mound State Park.

The Klondike derby, which has been popular as a winter activity in councils north of here, is based on a trip in the Klondike country of Alaska. Patrols of scouts built sleds similar to the dog sleds of the North, and used them in carrying equipment needed for the contest which were part of the event.

Five scouting skills were emphasized—first-aid, compass and map reading, knot tying, firebuilding and cooking, and teamwork.

Patrols were given maps and instructions at "Juneau," the headquarters area, and on signal raced to the five different Alaskan cities shown on their maps. At the finish, all patrols reported to the claims office at the "North Pole" to have their gold nuggets counted and determine their final score in the derby.

Sleds built by the scouts with the assistance of their adult leaders were judged on durability, originality and attractiveness. Top winners in the sled judging received special awards, and all patrols that participated received ribbons based on their proficiency.

Bursenments of \$912 from the general account, which showed a balance of \$10,786, he reported a balance of \$343 in the road and bridge fund, with no expense for December, while receipts of \$53 for November and \$28 in December gave a balance of \$346 in the sewer fund.

Expenditures last month from the motor fuel tax fund amounted to \$3773, with payments to Mid West Black Top Co. for materials for road repairs, leaving a balance of \$772.

512,000 Sought for Data System at Depot

(Special from Washington)

The House Armed Services committee, of which Cong. Melvin Price is a member, will request an appropriation of \$120,000 to be included in the Department of Defense budget for a communications and data processing facility at the Granite City Army Depot.

Cong. Price advised the Press-Record that the request will be submitted Thursday during a hearing. The facility will be utilized in the depot's mission of supply for Vietnam.

Cong. Price said the Defense Department is seeking \$9 billion supplemental funds.

Bartender Who Took 'Walk' Is Fined \$10

Howard Hamilton, bartender who left his job at Pete & Mary's tavern in Granite City one night last week with contents of the cash register, was fined \$10 and costs in magistrate's court at Alton on an intoxication charge.

Hamilton, 42, of 4001 Melrose avenue, was taken into custody by Alton police, he was carrying \$109 in cash.

Peter Murgie, proprietor, who was away from his business establishment at the time, told Granite City police that \$1400 to \$1500 was missing from the cash register.

Murgie today declined to prosecute since restitution of the lost money was made.

SIU-SW International Field Studies Offered

To help meet the need for broader instruction in international education, Southern Illinois University's Education Division is launching an expanded International Field Studies Program.

Five field seminars, offering four to eight hours of academic credit, will be held this summer in Europe and Latin America: "Southern Europe," June 7 to June 26; "Latin America," June 12 to July 2; "Eastern Europe," July 12 to Aug. 2; "School Supervision," July 19 to Aug. 3, with an itinerary including Prague, Vienna, Yugoslavia and West Germany; and "Instructional Materials," Aug. 3 to Aug. 24, to include Denmark, Switzerland and West Germany.

Prof. Henry T. Boss, director of the International Field Studies Program at the Southwestern campus said, "The Education Division seeks to make possible for teachers and administrators of Illinois and Missouri an opportunity to combine professional study in foreign countries with enjoyable experiences of travel and culture."

"While the academic portion of the field seminar will wind up at about midnight, it was reported somewhat the student in each

seminar will attend lectures by members of national ministries of education or universities, visit selected schools and educational institutions, and have informal meetings with local educators."

The 22-day educational tour will cost from \$843 to \$875, including transportation, meals, lodging and sightseeing charges. In addition to teachers and administrators, persons with a bachelor's degree from a recognized college or university, or students who are seniors in such institutions, may enroll. Those interested should contact the director of the program at SIU-SW (phone 662-2550, area code 618), or get in touch with a school principal or superintendent.

A PRICELESS RECIPE

In a health emergency, the little slip of paper on which your physician writes his prescription is priceless. You wouldn't part with it under any circumstances.

However, once the emergency has passed, human nature being what it is, you are apt to forget how valuable the prescription really was. Maybe you even grumble a little at its out-of-pocket cost, failing to remember the doctor's professional skill, the countless hours of pharmaceutical research and many other factors that made the "recipe" possible in a health crisis.

Permit our prescription department to fill your next "recipe for health."

MRS. ALBERT M. MUNIZ, the former Eugenia May Woodward, a daughter of Mr. Warren K. Woodward, 3116 Davis avenue, and the late Mr. Woodward, who was married Saturday evening at First United Presbyterian Church.

Miss Eugenia Woodward, Albert M. Muniz are Wed

First United Presbyterian Church, 22nd street and Delmar avenue, was the scene of the wedding Saturday evening of Miss Eugenia May Woodward, daughter of Mr. Florence E. Woodward, 3116 Davis avenue, and the late Warren K. Woodward, and Albert M. Muniz, whose parents are Mrs. Mary Muniz, 2562 N. 43rd street, East St. Louis, and the late Florentino Muniz.

Rev. David B. Maxton performed the candlelight ceremony at 7 o'clock, and a reception followed in the church Fellowship Hall. The double-ring service was used.

Kenneth MacClatchey presided at the organ, and Miss Judy Cook, soloist sang the Lord's Prayer, and "One Hand, One Heart." The candles were lighted by Miss Cynthia Menendez, niece of the groom, and Miss Cheryl Cobbel.

The bride was given in marriage by her grandfather, Thomas D. Erwin of Jerseyville. She wore a gown of ivory silk-faced peau de soie. Re-embroidered Alencon lace trimmed the front of the Empire bodice.

The bride's floor-length gown was made of ivory silk, with a long tapered skirt. Sprays of matching lace appliqued the front of the A-line skirt which swept into a full chapel train enhanced with a bow at the waistline. A bouffant veil of silk illusion was attached to a double crown of satin and lace with back trim of fabric loops. A colonial bouquet of white carnations and lilies of the valley was carried by Saturday's bride.

Miss Fae Dodd was honor attendant and Mrs. Bob Smith of Jerseyville and Miss Pam West, cousins of the bride, and Mrs. Raymond Muniz, the bridegroom's sister-in-law, served as bridesmaids.

Their floor-length gowns were made alike of ivory. They featured Empire bodices with scoop necklines and short sleeves. Satin cording accented the high waisted skirts with thin bows and streamers to the hem, enhancing the A-line skirts. Cord bows secured matching layered tulle veils.

The honor maid was in pink with a teardrop bouquet of white carnations tinted light shocking pink, while the brides-

25th Wedding Anniversary

Mr. and Mrs. Edward J. Lelenewski, 1621 Third street, Madison, were honored at a surprise open house on the event of their 25th wedding anniversary Sunday at the home of her mother, Mrs. Helen Merski, 1514 Seventh street, Madison. A buffet lunch was served from 2 to 6 p.m., during which the couple opened many gifts. The Lelenewskis renewed their marriage vows at a High Mass last Wednesday at St. Mary's Catholic Church.

The couple has four children—Ronald, 20, who is stationed at Luke Air Force Base, Phoenix, Ariz.; Sharon, 15, Linda, nine, and Leonard, seven. Sharon was in charge of the guest book.

Friends were presented with silver leaves. Special guests included Rev. Engelbert Blenck, pastor, and Rev. Sylvester Mick, assistant pastor, of St. Mary's Church, and Edward J. Kmiec of Chicago, an uncle of Mrs. Lelenewski.

Serving as hosts for the party were Mrs. Merski, Mr. Kmiec, Mr. and Mrs. Walter E. Baker and Mr. and Mrs. Wilbert E. Niepert. Three members of the original wedding party were in attendance.

Farewell Party For Mrs. Webb

A farewell party was given Friday evening for Mrs. Eileen Webb by Mrs. Lala Hanks at her home, 2529 Stratford Lane.

Mrs. Webb's husband Capt. Daniel J. Webb has been stationed at the Granite City Army Depot and is being transferred to Southeast Asia next month. Mrs. Webb and her daughters, Michelle and Lori, are leaving next week for Pittsburgh, Pa.

Games were played and prizes were won by Mesdames Barbara Painter, Julia Bagl, Lou Brown, Eileen Webb and Charles Hanks. A dessert luncheon was served to those mentioned and Mesdames Faye Wallace, Emille Bone and Lois Winter, and a gift was presented to Mrs. Webb. Mrs. Winter assisted Mrs. Hanks with the party.

VALENTINE THEME FOR CLASS PARTY

The Ruth Class of First Baptist Church met Thursday evening at the church. Mrs. Denise Wright was hostess and the Valentine colors, red and white, were used in the appointments. Mrs. Helen Bair, president, opened the meeting and the devotional service was led by Mrs. Virginia Kovach. The topic was "Last Audience."

Boxes of clothing were delivered to the East St. Louis Mission and flowers are being furnished for the church auditorium the second Sunday in February. The next meeting will be with Mrs. Kovach Feb. 23.

RECENT BRIDE, Mrs. Hugh B. Harrison, the former Deleta Darlene Mowery, a daughter of Mrs. Ray Welshan, 2924 Washington avenue, and John Mowery, 4601 Kirkpatrick Homes. The wedding was at Calvary Baptist Church.

Showers Honor Miss Brockus

Miss Susanne Brockus, a February bride-to-be who has been entertained at a number of pre-wedding parties, was honored the past week at two showers.

On Saturday afternoon, Mrs. Joseph Stroyoff, Mrs. Walter Padgett and Mrs. John Paichoff gave a miscellaneous shower at the Stroyoff home, 1614 Lindell Blvd., preceded by a 1:30 dessert luncheon.

The Valentine motif was used and the guest list included Mesdames Irvin Elledge, Olen Clawson, Emmett Carrubler, William Brockus, mother of the bride-to-be, and Mrs. Edith Ryan, prize winners, and Mesdames Lester Thompson, Frank Rea, Wayne McIlvoy, Anthony Rusick, Robert Watkins, Walter J. Padgett, Ronald Weiss, George Vogler, Nick Lombardi, Howard Dew, Clara Wadlow, Roger Hotsen, Don Stucke, and the guest of honor.

On Thursday evening, Miss Diane Gilmore, Miss Katly Lipchik, Miss Jean Little, Miss Judy Elledge and Miss Mary Lewis, who are to serve as bridesmaids and maid of honor at the wedding of Miss Brockus and Richard Riddle, gave a shower in the banquet room of the Rose Bowl.

Guests were Mrs. Brockus, the mother of the bride-to-be, Mrs. Bertha Elledge, Mrs. Sharon Engelle, Mrs. Carol Dineff, Mrs. Douglas Little, Mrs. Frances Kingston, Miss Connie Isaac, Miss Nona Hobbs, Mrs. Mary Shaver, Mrs. Al Lewis, Mrs. Diane Hoelter and the bride-elect.

Granite Chapter Initiates Five

Officers of Granite Chapter 650, Order of the Eastern Star, conducted initiation ceremonies Friday evening for five new members. Approximately 65 of friends and members viewed the proceedings.

The ceremonies were combined with a regular meeting held in the Masonic Temple, with Mrs. Vivian Blankenship, worthy matron and Harmon Presswood, worthy patron, presiding.

Those accepted into the chapter included Mrs. Dolores Melton, Mrs. Cheryl Clinar, Max Clinar, O'Dell Melton and Mrs. Dolores Parker.

Plans were discussed for a smorgasbord dinner to be given at the Temple March 5, and for chapter members to decorate and enter a float in a Shriners' parade May 6, which will honor Roy L. Willmizig of Granite City, newly-elected potentate of Almad Shrine and a past patron of Granite Chapter 650.

Bluebirds placed in colorful cages were used to center the dining room tables from which refreshments were served following the meeting.

Shower Honors Former Resident

Mrs. Dennis Cralley of Glen Carbon, the former Miss Donna Marie Marshall of Granite City, was complimented at a cradle shower Friday evening given by her mother, Mrs. Vernon Riggs, at her home, 20 Briarcliff.

Co-hostesses were Mrs. Cralley's mother-in-law, Mrs. Woodrow Cralley of Glen Carbon, and an aunt, Mrs. Robert Skinner of Granite City.

Many gifts were presented to the honoree. After the packages were opened, games were played, with prizes awarded to Mrs. Mary Hardy of Glen Carbon, Mrs. Norma Crain of Granite City and Mrs. Joyce Cralley of Edwardsville.

Storks and pink and blue ribbons decorated the buffet refreshment table. About 30 guests attended.

Wrestlers Defeat Snow But Lose Chicago Meets

Despite determined spirit, the Granite City wrestling Warriors lost to top-rated North Chicago 28-12 on Friday and to 1968 Illinois champion Waukegan 21-17 on Saturday.

The Warriors, who had braved a tornado while wrestling at Riverview Gardens during their last meet, battles the elements again as they journeyed to snow-bound Chicago.

They found that not only all high school athletics events but all college and professional athletic events in the Chicago metropolitan area had been cancelled for Friday night due to 23 inches of snow blanketing the city.

After arriving at North Chicago, the Warriors had to wait until their opponents could be "rounded up," with the meet finally getting started at 7 p.m. Scheduled mat time was 7 p.m.

No. 1 Team in State
Four Warriors scored wins over North Chicago, which is rated the No. 1 wrestling team in the state. Bill Fuchs (103) defeated his opponent 7-4, Jan Githo (112) won 8-2, Bruce Iles (145) won 3-0 and Ray Hankins (150) won 5-2.

Warriors losing to North Chicago opponents were Bob Miller (85) 7-4, Gus Schalkman (130) 6-0, Bill Gibson 11-0, Drew Shands (133) pinned in 2:42, Jerry Lapinski (138) 2-0, Paul Hoffman (185) 8-0, Tim Wallace (180) 9-1 and Mike Middleton (heavyweight), 5-0. North Chicago finished its season with a 15-0 record.

Waukegan Match Close
An alerted Waukegan was ready for the Warriors Saturday, when one bout made the difference between winning and losing.

Bruce Iles (145) was trailing 5-0 going into the last period in

a match with the Waukegan opponent, but sharpened his performance and turned a defeat into an 8-5 victory.

Fuchs (103) recorded the only pin in the Waukegan meet, downing his opponent in 3:45. Other Warrior winners were Githo (112) 3-2, Lapinski (138) 8-2 and Mike Middleton (heavyweight) 3-2.

Warriors losing at Waukegan were Miller (103) 9-2, Schalkman (120) 7-0, Hankins (154) 5-2, Hoffman (165) 7-1 and Wallace (180) 5-4.

Swamp Angels Earn Medals Yesterday

Four YMCA Swamp Angels won AAU medals in a swimming meet at the Ferguson-Ritenour "Y" yesterday.

Medal qualifiers were: Tod Cunningham and Miss Judy Reisinger, sixth in the eight-year-old 40-yard butterfly event in 43.3 and 49 seconds.

Miss Dana Eilers and Paddy Baggot qualified for medals by placing in the 10-year-old 100-yard backstroke swim. Miss Eilers finished fourth in 1:32 and Baggot sixth in 1:28.

Other Swamp Angels competing were Karen Reisinger, Kathy Baggot, Mike Baggot and Mark Buenger.

Hit-and-Run Accident

Trojans Hit 57% of Shots, Win 103-80

Soaring past the century mark, the undefeated Madison high basketball Trojans smashed a 103-80 victory over Jerseyville in a non-conference game Friday night.

"We have played lot better basketball than we have in the last couple of weeks," Trojan coach Earl McClanahan said, but he was still elated over the continuation of Madison's unblemished record.

Victory No. 17 wasn't an easy accomplishment as Jerseyville's sharpshooters made the contest close until the final quarter. Madison led 28-25 as the first period came to a close.

The Trojan defensive press enabled Neil Podoba to pick off numerous passes and Jerseyville lost the ball eight times in the second period. But it was still close and the Trojans led at the half 50-47.

Visitors Take Lead

Jerseyville took a 51-50 lead early in the third period. After a Trojan timeout, Madison displayed a more aggressive press and rebounding and the Trojans led 75-65 as the period ended.

Lusk, who rammed home 34 points for the victors, and Podoba, who hit for 25, found the range during the fourth quarter, when the Trojans connected for 28 points to Jerseyville's 15. Joe

Collins and Albert Boyd also had fine efforts, Collins hitting for 19 and Boyd 17.

Other scorers for the Trojans were Ron Burt four, Steve Gertoff two and Tom Weston two.

In reaching their stratospheric point total, the Trojans tallied 57% of their shots from the field and hit 68% at the free throw line to Jerseyville's 51% and 54%.

Heart Sunday Chairman Named

Pontoon Marshal

Mrs. Elvira Thurber, of the Thurber Real Estate agency, 1932 State street, has been named chairman of the 1967 Heart Sunday appeal of the Quad-Cities.

It was announced today by Pety Sherman, Quad-Cities, Heart Fund vice-chairman.

Heart Sunday 1967 will be held on February 25 and is the high point of the one month drive. During Heart Sunday volunteers will conduct a house to house campaign soliciting funds contributing to a Quad City goal set at \$10,000.

Mrs. Thurber has been active in local Heart Association affairs for many years, but this is her first drive to serve as chairman of Heart Sunday appeal.

The chairman is a past-president of the Granite City Business and Professional Women's organization, the St. Elizabeth Hospital auxiliary and the Granite City Opt-Mr. auxiliary branch of the local Optimist International chapter.

Selected as district captains for the drive are Leo Schermer, co-owner of Schermer's Market, for Madison; Walter "Buck" Simmons, Madison County Democratic Committee chairman, for Venice; Thomas Staicoff, Mayor of Pontoon Village, for Pontoon Village and George Warnecke, Chouteau Township Auditor, for the Mitchell district.

The Sunday Appeal chairman said that volunteers in the house-to-house drive will distribute "kites" containing information telling what to do in the event of a heart attack and how to reduce the risk of heart attack for members of the family. Mrs. Thurber extends an invitation to all interested in participation in the Sunday Appeal to contact her or one of the district chairman.

Bar Report on Trials
Press Now Available
The Madison County Bar Association has announced that printed copies of the report and tentative recommendations on "Standards Relating to Fair Trial and Free Press" are now available.

The report is available in a 26-page soft-cover edition through the American Bar Association in Chicago. The edition was designed to be the basis for further discussions between members of the legal profession and representatives of news media.

GC Edges Maroons But Bows at Alton

Edging a tough Belleville West quintet 63-61 here Friday night, the Granite City high school Warriors temporarily moved in to a Southwestern Conference fifth-place tie with Alton but lost it in bowing to the Redbirds 86-71 at Alton Saturday night.

An 18-foot jump shot by Jeff Jones with 13 seconds remaining gave GCIS its second conference win against five losses.

Belleville had led 15-13, 32-27 and 47-44 at the quarter marks. Belleville led throughout the first period as Ray Wiley hit eight of his 22 points. The Maroon middleman also managed to hold Terry Moore scoreless during the first quarter.

Granite City, improving its record to 10-8 for the season, rallied to lead momentarily 25-22 in the second quarter. Warrior forward Jim Hentzel had the first period as Ray Wiley hit eight of his 22 points. The Maroon middleman also managed to hold Terry Moore scoreless during the first quarter.

Alton Wins on Rebounding
The one-two punch of Leon Huff and Mike Jeffries led the Alton Redbirds to their 87-71 victory over Granite City Saturday.

Granite City led 16-8 at the quarter and 32-26 at the half. Hentzel hit for seven points and grabbed four rebounds during the first period.

Alton regained its composure in the second period as Huff, Alton's big man, scored nine points during the quarter. In control of the offensive and defensive boards, Huff found Jeffries' downcourt for numerous two-pointers. With the score 37-36, Alton took its first lead on a Huff layup.

Jones tied the contest at 40-40 with a 15-footer, but Alton's speedster, guard Sonny Willis, made it 44-40 with two consecutive layups. Alton led 55-43 as the third period ended.

15-Point Quarter
In the fourth quarter, five straight points by Huff made it 65-51, the center hitting two jumpers and adding a free throw. Hentzel had one of his biggest scoring quarters, scoring 15, but three players incurred five fouls — Warriors' Moore and Simpson and Alton's Mike Crivello.

Mistakes were prevalent, there being 24 turnovers during the game.

Alton scorers included Huff with 31, Jeffries and Mike Dean with 14.

Warrior scorers were Moore with 10, VanBuskirk eight, Jones six, Simpson 11, Stuart and Malotki two each, and Hentzel 22.

Madison Lions to Hold Dinner for Grid Trojans

Varsity football players on the 1966 Madison Trojan squad and their coach, Glenn Pickering, will be honored with a dinner Thursday, Feb. 2, sponsored by the Madison Lions club.

Plans for the annual event were discussed Thursday eve-

ning at the club's weekly dinner meeting, held at the Sportsmen's club, Tenth and Iowa streets.

Dave Meggessy, who has filled three different linebacking posi-

tions while playing with the St. Louis football Cardinals, will be the featured speaker, it was an-

nounced by Emmett Paele, Mad-
ison police chief and publicity di-
rector for the Lions. George Mus-
so, Madison county sheriff and
former Chicago Bears football
star, will be on hand to offer his
football views.

James Perdue, Lions president,
was in charge of the meeting,
attended by 26 members.

YMCA to Offer Accredited Scuba Diving Course

The YMCA will sponsor its an-
nual spring Scuba diving course
beginning Wednesday, Feb. 15.
The program, which is offered
under the certification plan
established by the National
YMCA Association, will again be
under the direction of Ronald
Homyer and A. J. Mueller. Both
men are nationally certified in-
structors and have been teaching
Scuba diving since 1959.

Actual instruction will be car-
ried out under the supervision of
Homyer and Mueller by divers
of the local Bubblemasters Div-
ing Club. Only those qualified
divers who have shown advanced
skills in diving and have evi-

denced interest in the teaching
aspects of diving will participate
as lecturers and water skill lead-
ers. Classes will be held each
Wednesday evening.

All necessary equipment for
the course, including the text
books, is provided by the YMCA.
All a candidate for a diver's
certificate needs are a towel,
suit and the ability to swim.

Registration for the eight-
week, 32-hour course which in-
cludes instruction in swimming,
basic life-saving, physics and
physiology of diving, as well as
indocination into underwater
life, can be made at the local
YMCA, 20th street and Edison
avenue. The minimum age limit
now set by the national associa-

tion is 16. There is no maximum
age limitation. Scuba diving is,
however, a strenuous sport and
it is recommended that a phys-
ical examination be obtained by
all candidates, the instructors
pointed out.

For additional information, a
prospective diver can contact
Homyer at WE 1-3328 or Jack
Atkinson, course coordinator, at
TR 7-5608.

The Feb. 15 meeting will be for
registration, indocination, a
test of candidates' swimming
skills and will include slides and
motion pictures of interest to
would-be divers.

Venice Wins 80-45, Awaits Loop Leader

The Venice Red Devils re-
corded their ninth MCM confer-
ence win by smashing Aviston
80-45 Friday on the Venice floor.
Aviston, lacking scoring punch,
was behind by only one point at
the end of the first quarter, 18-17,
but found the Red Devil pressing
defense too difficult and trailed
42-26 at the half and 68-35 after
three periods.

Coach William Ohlendorf said
the game gave Venice a good
scrimmage before meeting the
MCM conference leader, Bunker
Hill, tomorrow night at Venice.

The Red Devils now boast an
11-game winning streak and are
17-3 overall this season, having
been beaten twice by Bunker
Hill, 77-39 and 57-51.

Rich Essington paced the Red
Devils with 32 points, followed
by John Gardner with 14, Greg
Fuest 10, Bob MacIntosh and
Russell Turner six each and Den-
ny Hill, Lloyd Harper and Jim
Miller all four each.

TIGHT MONEY?

NO MONEY FOR HOME LOANS?

NOT AT YOUR

FIRST BANK

Over the past eighteen months many prospective home owners have been discouraged from realizing their dream of owning their own home by the many articles appearing in various publications regarding the lack of money available for home loans.

RESULT: Many home builders were forced to cut back in their development plans.

RESULT: Less employment in the construction trades. Less business for our local building material dealers.

RESULT: Many owners of older homes have been unable to find a buyer.

RESULT: Less business for our local real estate brokers and agents.

Parent and Child Workshop Benefits Explained by Prof

Rebellion against all authority by today's youth may induce hostile attitudes against an entire community and result in acts of vandalism, according to Dr. Cameron Meredith, director of State and National Public Services Division, at Southern Illinois University, who spoke Thursday noon to Granite City Optimists.

The SIU faculty members in cooperation with the Granite City school district and Coordinated Youth Services currently is conducting a series of parent-child workshops in human relation-

ships in five area communities. Workshop sessions are held each Monday evening at Granite City high school, under the direction of Dr. Meredith and Dr. Raymond Troyer, also of SIU-SW. Dr. Meredith said the discussion groups provide a forum for parents to analyze specific human relations situations in order to better understand and assist youngsters in developing their full potential. Participants can share experiences and solutions to various problems, he said, thereby gaining greater insight

into situations that motivate children today. Long range hopes for the program, he explained are that larger numbers of people may learn more effective methods of encouraging desirable social behavior in the young and increase feelings of belonging, worth and dignity, as well as create a community-wide atmosphere in which youngsters are stimulated to become responsible citizens.

Parents in the study groups participate on a volunteer basis, the educator said. However, in some instances, parents' attendance may be recommended by a teacher, counselor, school principal or social worker.

The study program is financed through Title One of the U. S. Higher Education Act of 1965 and SIU, on a 75%-25% basis. No additional cost is borne by local communities. Similar workshops have been started in Collinsville, Alton, East St. Louis and Madison.

Thirty-six Optimists attended the luncheon meeting, setting a new high attendance record for

recent months. Guests included Earl Branch, Harold Thomas, David Walker and C. A. MacMillan.

A. O. Smith Sales Down, But Earnings Higher

Corporation earnings of A. O. Smith, Inc., increased during 1966 despite a decline in sales, the company reported last week. Profits for the year were \$8,738,039, or \$3.69 per share, on sales of \$318,453,127. Earnings of 1965 amounted to \$7,917,505, or \$3.34 per share, on sales of \$338,441,095.

The board of directors also declared a regular quarterly dividend of 30 cents per share plus a stock dividend of 5% each payable Feb. 17 to stockholders of record Feb. 3.

Niedringhaus Students Form, Staff Own Library

Beginning with only a few books shelved in "extra space" in the principal's office a year ago, faculty and students of Niedringhaus grade school, have worked together to convert a store room into a school library containing 800 books.

Mrs. Gladys Schubert, who teaches fifth and sixth grades at Niedringhaus school, is credited with supervising the library's growth from the principal's office, then to an unsuccessful hall location to the present store room.

Permission was given to use the extra store room, and books were donated by the Niedringhaus Parent-Teacher Association, Niedringhaus school teachers and the school board to be used in the forming library.

Students began numbering and cataloging books in March 1966. Eventually enough students learned the details of the library in and out and cataloging procedures that now the library is entirely staffed by fourth, fifth and sixth grade students.

Although Mrs. Schubert supervises the library, she credits the students with doing all of the work.

"It's amazing how much interest the children have shown in learning the library arts—use of the card catalog and location of books according to category."

The library, which is open from 10 a.m. to noon and from 2 p.m.

to 3 p.m., has ample space for students to browse. Students visit the library with permission from their teachers. Niedringhaus teachers feel that the library is helpful to them, especially when they are selecting books for subject content or for a particular reading level, according to Mrs. Schubert.

She wishes to express thanks to Granite City public librarians for their help given in forming the school library.

Students who staff the library on a rotation basis are:

Valerie Harris, David Tilson, Danni Griffin, Scott Griffith, David Mang, Joann Kamlich, Pat MacMillan, Mary Jo Lux, Jennifer Sage, Lana Groz, Denise Buck, Barbara Griffith, Debbie Cash, Leslie Barnett, Brett Champion, Richard Gouy, Jean Todd, Gregory Hutchings, Craig Statters, Laurie Bauer, Barry Koester, Irene Schwertman, Susan Patton, Vincent Starke, Candace Carmer, Mary Beth Brewster, Gary Loy, Dean Surber.

Barbara Bandy, Gregory Griffin, Earl Penrod, Susan Miller, Wanda Voshell, Kerry Dennis, Diane Greer, Debra Rich, Rosemary Boyd, Janet Schwendeman, Dwayne Kutey, Kim Lindner, Tina Fong, Diane Holmes, Diana Gaines, Vicki Newgent, Stanley Manogian, Mark Johnston, Aaron Hart, Michael Seibold, Amy Bonn, Marianne Yew, Timothy Vizer, Dawn Oram, Robin Waggoner, John Alop and Cynthia Allen.

STUDENT-STAFFED LIBRARY developed in a converted store room at Niedringhaus school. Seated, checking out books is Debra Cash, 5th grade, while Valerie Harris 5th grade, peruses a novel and Greg Hutchings, 6th grade, works on the library's card catalog up to date. Mrs. Gladys Schubert, teacher, supervises the card filing.

Economic Opportunity Staff Trained on Taxes

Mrs. Ruby O. Williams, a clerk-typist at the Venice office of the Madison County Economic Opportunity Commission, will attend an Internal Revenue Service course tomorrow and Wednesday in Carbondale.

Similar instruction was taken last month by two other MCEOC staff members, Mrs. Mary G. Rotes, secretary-bookkeeper, and Mrs. Maria Glasper, clerk-typist, both of the Edwardsville office. Purpose is to qualify them to provide basic income tax assistance at neighborhood centers.

\$25,000 Suit Filed for Boy Hit by Auto Here

A damage suit for \$25,000 was filed last week in the Madison county circuit court in Edwardsville for Scott Meyer, by his father, Lynn A. Meyer, against Mrs. Anita Eitfimo of Granite City.

The complaint alleges that the boy, then six, was struck by an auto driven by Mrs. Eitfimo while he was crossing Johnson road at Wabash avenue on Dec. 15, causing serious and permanent injuries. Negligence and carelessness were charged.

Army Van in Collision

An Army van driven by Ronald W. Rahl of the 501st Field Depot, Granite City Army Depot, collided with an auto driven by Joseph C. Franko, Rural Route One, at 5:10 p.m. Friday at Niedringhaus avenue and Poplar street. Franko was charged with failure to yield the right-of-way and was summoned for a hearing by Feb. 3.

Speeding Charge Filed

Willard Lee Carter, Florissant, Mo., was charged with speeding in the 2800 block of State street at 9:25 a.m. Saturday. He was summoned for a hearing by Feb. 20.

\$250,000 Suit Filed Over Plant Accident

A suit for \$250,000 was filed last week against Granite City Steel Co. and Mesta, Wilson & Foster Co. last week in circuit court in Edwardsville over a plant accident on May 14, 1965, which resulted in the death of George Motsegood of Granite City.

The plaintiffs are the widow, Mrs. Dorothy Motsegood; her son, George Jr.; and Donald McGovern, administrator of the estate.

The complaint alleges that while he was employed on a construction project at the plant, a piling which he was cutting fell on him and caused his death on May 24, 1965. Mesta, Wilson & Foster was the contractor on the project.

It was charged that the firms failed to comply with provisions of the Scaffold Act, and the death deprived the family of its means of support.

McGovern also is asking \$2164 to cover Mr. Motsegood's medical and funeral expenses.

Four Arrested Here For Making Left Turns

Four drivers were arrested on charges of making left turns without waiting for a green arrow at East 20th street and Edwardsville road Thursday night. Summoned for hearings by Feb. 3 on the traffic signal violation charges were:

Jesse A. Howell, Belleville; Robert E. Grass, East St. Louis; Charles A. Bowman, McLeansboro; and Ronald M. Barrius, 719 Brown street, Venice.

Bus Passes, Auto Struck

After permitting a bus to pass in a narrow traffic lane in the 2500 block of State street, an auto driven by Mary M. Mayhath, 2645 State street, pulled into traffic and struck the left front of a bus of Thomas C. Moore, 5209 Maryville road, who was following the bus at 6:50 a.m. Friday.

PTA Area Council Hears About Project Lift-Off

Members of the Granite City Area Council of PTAs were introduced to "Project Lift-Off," a government sponsored program in Granite City schools and toured facilities used for the special classes during a bi-monthly meeting held Thursday evening at Emerson school.

Continued by the council delegates were the annual appreciation awards banquet Thursday, Feb. 9, at Granite City high school; a four-part leadership training program at Maryville school and a public forum for Granite City school board candidates on March 30.

Mrs. Ruth Lahr, director of "Project Lift-Off," described the prekindergarten preparatory program and the remedial reading classes now being conducted at four local schools—Logan, Washington, Webster and Emerson.

Two portable buildings adjacent to Emerson school were visited by council members. "The forum at which school board candidates may express their views and be questioned by the public was explained by Mrs. Lucille Caban, council public relations chairman, who urged each PTA unit to send five representatives. Location and time of the forum will be announced at a later date.

Mrs. Mary Church, Maryville PTA president, said that remaining sessions in a basic PTA study and leadership training course will be held at Maryville school, Jan. 31, Feb. 14 and Feb. 28. The initial class was conducted last week.

A. E. Menendez, council president, conducted the business meeting, with Lee Reid, treasurer, reporting that eight PTA units still are owing council dues. The group will next meet March 23 at Webster school for the annual nomination and election.

Treated for Injury

Louis Miller, 47, Cottage Hills, was released from St. Elizabeth Hospital at 9:15 a.m. Friday after being treated for cuts and abrasions to his upper eyelid and nose. He was struck accidentally by a piece of pipe while working on a construction project for the Mesta, Wilson and Foster Co.

Bill for Police Units in County Districts Filed

An Illinois legislative bill designed to provide county police protection in unincorporated areas, has been introduced in the House at Springfield by House Speaker Ralph Smith (R. Alton). The bill, if passed, would provide for establishment of police protection districts if voters approved a special tax levy referendum.

Police units organized under the legislation would be under the jurisdiction of the county sheriff.

Smith referred the bill to a subcommittee of the County and Township Affairs committee with instructions to "work out the kinks" and bring it out of committee for legislative action by March 15.

Bills advanced to voting stage last week include two that are aimed at removing drunken drivers from Illinois highways. The bills were brought to the floor by the Senate Highways and Traffic Regulations Committee with recommendation for their passage.

One bill lowers the maximum amount of alcohol in a blood test from 10% to 10% for legal presumption of intoxication. The other provides that a anyone suspected of driving while intoxicated must submit to a chemical test or lose his driver's license for six months.

The bills are sponsored by Republicans although the Democrats have submitted similar bills. The four bills will be incorporated into two measures with joint Republican and Democratic sponsorship.

Some 'Anti-Crime' Bills Unsound

By Sen. Paul Simon
Because the public has long had feelings about the increasing crime rates, and the shocking power which crime has in the country, sometimes measures which are labeled as "anti-crime" steps get strong public support when they don't deserve it.

A good illustration is the "stop and frisk" bill which has been introduced in this session. Under the provisions of this bill, the police could stop, search and arrest you up to 24 hours—no because they suspect you have committed a crime, but because they think you might commit a crime.

How you determine who might commit a crime at some time in the future would be left up to the police. But it does not take much imagination to realize that this law in the hands of a policeman who is not trained against someone, or in the hands of an inexperienced policeman, could easily be a very dangerous

There is evidence, for example, that racial prejudice runs high among policemen in certain areas. A "stop and frisk" bill could become a weapon of danger in the hands of policemen who wish to take advantage of their prejudices.

New York Law Untested
New York is the only state which has such a law and it has not yet been tested in the United States Supreme Court. Recently, Michigan State Supreme Court Justice Theodore Souris spoke in Chicago to a state college board of all-powerful

State College Board All-Powerful

By Howard W. Clement
President, University of Illinois Board

I think we will have to give careful consideration as a board as to the question of whether we wish to accept the Board of Higher Education decisions, especially in areas where we think our position is defensible. I am not suggesting that we attempt to override the State Board decisions but I am going to refer the matter to the finance committee of this board for study and recommendation as to what our position is to be.

I think that we have the executive director of the State Board of Higher Education rise to the position of being the most powerful figure in higher education in the state of Illinois. Perhaps this is inevitable in this kind of an agreement. But when you shift power to the point that a single individual has control over higher education in the state, that power should be exercised with extreme discretion and care and should have the checks and balances of an executive director and knowledgeable board with whom that individual works.

Senate Hearings
I do not by any means expect full agreement with these statements but I do expect full and fair consideration being given in the Senate to the future welfare of the State Board of Higher Education as an employee, receive a full and fair hearing.

Underlying the present problems is the question of whether the State Board should attempt to establish a total figure into which all expenditures must be fitted, or whether the board should first outline the needs of the state and its systems of higher education. I have the feeling that the former has been done in an indirect way, that there has been an assumption that the State Board and problem.

and judges, and urged "frisk" laws. "They invade the constitutional rights of the individual," he stated.

Historically, one of the great threats to the liberties of the people has not just been the force of invasion, but the enemy which has slipped into a country to do damage, but the forces of law and order.

I confess to some amazement at seeing people who regularly denounce excessive centralized government by a national administration—vote for measures which give police sweeping powers.

Generally, we can be proud of our policemen, although we ought to gradually improve their required training and we should pay them more adequately.

Executive Authority
But to give to the police, no matter how highly trained, the authority to stop and search someone simply because they believe he might commit a crime, and a study is being made of the future is unwise.

What can we do to stop crime?
1. Elect honest judges.

2. Improve our educational system so that everyone has a chance to get a good education. We can do a great many things to stop crime—organized and unorganized—that we have not done to this point, but we should be cautious about giving up liberties in the name of "anti-crime" legislation.

ably by its chairman that there is a certain amount of money that should be met as far as the total budget of the state system is concerned.

On Jan. 11 State Board activity was directed to keeping within such a total figure. The chairman's opening statement indicated that the board might make from staff recommendations on operational budgets.

If this is the way it is going to be, the principles should be stated openly and the State Board should inform the institutions that this is the ground rule under which we are operating.

The institutions should know what kind of arrangement is being contemplated. They should do so indirectly by having the staff of the State Board in its recommendations meet with figures can lead to serious abuses.

Analyze Needs First
It really is a question of dollars vs. needs and planning. Do not think you can set aside a figure before a careful analysis of needs has been made, or to first say that our statewide needs are \$60 million and we will have to fit all our planning within this \$60 million.

I do not mean to overlook the serious problem which has been occasioned by including the junior colleges in State Board considerations, which never has been a consideration before in the history of the State Board.

We are close to a \$38 million increase in the university's budget over this year. The total amount of \$272 million. For this, we are extremely grateful and we recognize that this is a very good cooperation and support in the past.

But I think we should pay attention to the court clerk who are currently being followed and the implications they have regarding the integrity of actions taken by this University of Illinois board.

VENICE EFFORT TO GET UNDERPASS COMMENDED

I read the story in which State Rep. Ralph Smith criticized Venice political leaders for delay in the construction of the underpass.

Rep. Smith is doing an outstanding job as Speaker of the House and is a good colleague to work with in Springfield. But in this matter he is unfortunately, not aware of the very extensive efforts which have

been made on repeated occasions by the officials in Venice. Mayor John Lee and other Venice officials have been to Springfield repeatedly to meet with the governor and with officials of the Department of Public Works and Buildings. I have been in on several of these meetings, as has Rep. Lloyd "Curly" Harris of Granite City.

The unfortunate situation which the Venice faces financially in its highway funds has forced the governor to postpone many projects. The underpass program has been one of these which have been delayed.

I personally regret this because of the importance of the Venice city officials regret this also. But certainly they should be commended for their efforts and not criticized.

PAUL SIMON, State Senator, 33rd District.

Past Record Shows Kerr Island Unsuitable, Should Be Eliminated as Residential Area

Because of its long history as the site of sub-standard, hazardous homes, Kerr Island should have been eliminated long ago. Now it appears that its days are finally numbered; the Great River Board right-of-way will cross most of the settlement, and a study is being made of ways to razed or drastically improve the remainder. Venice Mayor Lee reports.

Humanitarian considerations regarding Kerr Island have kept local officials in a crosstire for decades. At the same time that health, safety and environmental conditions were being deplored, effective remedies were being thwarted.

Each time bulldozers became too active in leveling ramshackle structures, Illinois governors stepped forward to plead for continuation of the settlement. Enforcement of building codes became an impossible task. Housing projects built to relocate the residents failed to decrease the Kerr Island population.

Explanations that the land was owned by a St. Louis real estate company failed to convince squatters that they must move, and questionable lot purchase plans clouded the issue. Venice power plant expansions reshaped but did not end the area occupied by dwellings. Some political leaders spent lavishly to encourage uninformed bloc voting. Narrow, winding roads complicated street maintenance. Fires took the lives of many young children. The topography and haphazard land use precluded formal acceptance of plats and extension of utility lines.

While a few people have resided at Kerr Island throughout their lives, the area has been a short time before moving on to more attractive surroundings. All will be better off when the residential area between the river levee and Main Street-County road has passed out of existence, with the present area occupying new public housing or other residences.

Bills at Springfield on Driver License Renewal Tests, Mob Violence, Bond Sale Policies, Election Commissions, Investment of Idle Funds

Legislators are interested in the views of Quad-City on pending bills. The Illinois General Assembly's hopper at present includes the following proposals of local interest:

H. 79—Provides that in addition to other authorized leave, school boards shall grant full-time teachers personal leave provisions of at least two days at full pay in each school year.

H. 76—Emergency appropriation of \$2 million to make Vietnam Veterans Compensation Act payments; previous appropriation exhausted and claims cannot be paid.

Sewage Treatment Grants
H. 84—Authorizes the Illinois Sanitary Water Board to allocate \$44 million in grants to municipalities for municipal or interstate agencies for construction of sewage treatment works. Such grants are to be allocated under the Federal Water Pollution Control Act.

H. 86—Provides that Secretary of State John J. Blum, shall examine an applicant for renewal of a vehicle operator's license where the license was previously suspended or annulled. Requires examination for license renewal in all cases where the license was issued after Jan. 1, 1969, if the applicant has not successfully passed the exam within 10 years of the date of application.

Licenses issued beginning in 1969 to have five-year expiration; increased from \$3 to \$10. When a holder of an instruction permit becomes eligible for an operator's license, \$7 of the \$10 fee goes to the Department of Education Fund and the remainder in the fund (present division is \$2 and \$1).

H. 87—Permits this service-men to register their auto for a \$1 yearly fee (now applies to National Guard members).

Safety Inspection
H. 90—Requires every motor vehicle registration application to include proof that a valid certificate of inspection and safety has been issued.

H. 92—No state policeman to be retained after reaching the age of 60 with 30 years of creditable service; no state policeman retained after reaching the age 65.

H. 93—Provides that any participant in a mob action which by violence inflicts injury to person or property shall be fined \$500 to \$2500 or imprisoned for 1 to 5 years (now one to five years in other than a penitentiary).

Paul Simon, State Senator, 33rd District.

Reasonable Agreement on Park, Harbor Deserves State, Federal Approval

The agreement assuring land for both a new river harbor and expansion of the Lewis and Clark Park seems reasonable and should be promptly implemented by the state and Army Engineer Corps. Illinois Lewis and Clark Trail Commission members, who include Carl Ranft, Carl Mathias and Mrs. Austin Lewis, were instrumental in achieving the solution, and Gov. Otto Kerner and state department heads took constructive stands that helped prevent a hasty, emotional decision.

With the Mississippi River bank between the Chain of Rocks and Hartford canals to be divided about equally, sufficient land has been set aside on the south for future water access in connection with the 9000-acre industrial park development. The park is to have spacious areas on both sides of the Chain of Rocks canal, plus an area north of the Hartford canal affording a view of the Mississippi-Missouri river confluence.

Now that the sound and fury of the dispute has abated, a brief review indicates that park expansion advocates were treated with utmost fairness despite the unified attempt by some to avoid any compromise. It is a fact that powerful interests, whether park enthusiasts were aware of it or not, were using the issue in an effort to block new port and harbor development and to expand job opportunities for its growing population.

The danger was real but, fortunately, appears to have been ended last week's agreement. And several hundred acres are being added to the amount of space Illinois has allocated for historical sites and recreational purposes, even though the area chosen is, in the long run, not the actual location from where Lewis and Clark began their exploration of the Northwest in 1804.

Vandalism Becoming a Costly Burden

An example of costly vandalism occurring in the Quad-Cities is provided by the new Mayville drive apartment buildings, where dozens of windows and screens have been broken in recent months.

Most of such vandalism probably originates within the general neighborhood where it takes place, challenging parents to ponder whether they are maintaining adequate supervision of their youngsters. Rising labor and material costs no longer permit such pranks to be regarded lightly.

Apartment areas so badly needed here by an ever-increasing number of people that builders should not be discouraged or chased away by senseless vandalism.

Tax Refunds Can Be Taken in Bonds

Warfare and national financial needs go together, and the Veterans are focusing new attention on U.S. savings bond purchases.

Federal officials stress that bonds strengthen America economically.

One of the easiest ways to buy bonds is to place a check in the appropriate space on annual income tax returns if a refund is expected. For example, if \$42 is to be refunded, a taxpayer exercising his bond purchase option would receive a Series E savings bond with a face value, costing \$37.50, plus a check for \$4.50.

H. 113—Provides for appointment of a "sufficient number" of the state's judges to a maximum of 1100 is specified).

H. 115—Increases exemption limits in attachment, execution and garnishment proceedings.

H. 121—Provides that the trial court, in its discretion, award confiscated weapons to the police organization performing the confiscation.

State Sales Tax
S. 113-116—Extends three and a half per cent retail occupation tax to include the sale of certain goods.

S. 117—Bans driving by narcotics addicts; also, by those legally taking drugs while they are under the influence of the drugs.

S. 118—Provides that no benefits of any annuity and benefit fund created by the legislature be paid to any person or municipal entity, to which the state or other governmental body is required to contribute, can be paid to any person engaging in a strike arising out of or in connection with his services as an employee.

S. 120—Authorizes library system boards to purchase or lease real or personal property for system purposes under contracts to be entered into within 10 years at interest not exceeding 6%.

Insurance Proceeds
S. 121—Adds to the Insurance Code an article applying to persons, firms or groups engaged in financial insurance premiums entering into premium financing agreements or otherwise acquiring premium finance contracts in which a policy is made the security for debt repayment. Requires licensing of such companies at an annual fee of \$50; sets rates for service charges made for financing premiums.

S. 122—Defines an allowed insurable claim as a claim allowed by the insurance director acting as liquidator, rehabilitator or conservator. Creates motor vehicle liability security fund to pay claims due by reason of insolvency or inability of company to meet insurance obligations.

S. 123—Sets up procedure for handling improper insurance claims practices.

H. 107—Provides for establishment of a fund to provide educational benefits for children of disabled veterans, deletes the requirement

Income Tax Questions, Answers

Claiming a Child as a Dependent

By Jay G. Philpott
District Director
Internal Revenue Service

Q—How much can a child earn and still be claimed as a dependent?

A—Generally a person may not be claimed as a dependent if he has gross income of \$600 or more. However, if your child is under 19 or is a full-time student, you may claim him as a dependent regardless of the amount of income he may have as long as you provide more than half of his total support for the year.

Q—I have a disability pension from Social Security. Is this taxable income?

A—No. Social Security benefits are not taxable.

No Campaign Funds This Year

Q—I thought there was supposed to be a box to check on the 1040 if you wanted to have \$1 of the tax go to a presidential campaign fund? I can't find it.

A—The provision in the law which allows you to elect to have taxable years beginning after Dec. 31, 1966. Instructions will be issued at a future date on how to do this.

Q—Where can I get the form I need to claim the sick pay deduction?

A—Form 2440, "Statement to

Support Exclusion of Sick Pay," is available at IRS offices.

Q—My wife and I are filing separate 1040's this year. Which tax table or rate schedule should we use?

A—Use Schedule 1 on page 11 of the 1040 instruction booklet if separate income is \$5000 or more or deduction is itemized. Otherwise, use Tax Table C on page 14.

Child Care Expenses

Q—I am an widow with children. How much can I deduct on my return for child care expenses?

A—You may deduct up to \$600 this expense when there are two or more children under the age of 13 for which this expense is incurred in order to work or seek a job. If there is only one child the maximum deduction is \$300.

Q—Are state unemployment benefits taxable?

A—Does a person have to be a citizen of the U.S. to be claimed as a dependent?

A—No. A non-citizen may qualify if he or she is a resident of the U.S., Canada, Mexico, Central American or the Republic of Panama, or is an alien child adopted by and living with a U.S. citizen abroad.

The Law Serves You

(A public service of the Tri-City and Illinois Bar Associations)

A citizen can make what is known as a citizen's arrest only in very limited circumstances.

The law permits a citizen to detain, or place under arrest, only a person whom he observes in the act of committing a crime in his presence.

By contrast, a police officer is required only to have a reasonable belief that a crime has been committed before he can apprehend a suspect.

There are no magic words, such as "You are under arrest," required of the person who is making a citizen's arrest.

Present Delinquency

All that the person who is making the arrest has to do to prevent the accused from leaving, or take the other person by the arm or something like, "Stop, I'm holding you for the police." The arrest has then taken place.

If a person resists a citizen's arrest, he can be prosecuted for resisting arrest, as he can

if he resists arrest by a police officer. However, if a person uses force to resist a citizen's arrest, he may become guilty of assault or assault and battery.

The person who makes a citizen's arrest cannot be held liable for damages for false arrest if he had reasonable ground for believing that a crime had taken place and that the person he arrested was guilty of it.

Under those circumstances, even though found innocent, has no claim against the arresting party.

The law seeks to encourage citizen's arrests in the proper circumstances and protect those who act in behalf of law and order.

50 YEARS AGO

JANUARY 30, 1917

Mayor F. A. Guesche of Madison was one of the representatives in the lower house of the Illinois General Assembly from this district. He has introduced a bill at Springfield seeking to have a change made in the dates of the Madison county court.

It provides that instead of convening on the first Mondays of February, May and October, the terms of this court shall be convened on the first Mondays of February, June and September.

That gambling is still flourishing in the county is the opinion of the press. The outlook for the future, it seems as if the objects are in the majority and that the proposition will be defeated.

William S. Stetson, St. Louis, a collector for the Wells-Fargo Express Co., arrested on suspicion of carrying a concealed weapon, was admitted to police he had lost

the proposition.

Those who took as this paper goes to press, it seems as if the objects are in the majority and that the proposition will be defeated.

G. W. Hoelscher, president of the YMCA board, was re-elected to a seventh term. Other officers were: W. J. Johnson, vice president; Wensel Brown, recording secretary; and J. W. Holsinger, treasurer.

Five directors were re-elected and the others are new members. Those elected for three-year terms were: W. J. Johnson, Van Horn, Dawson Pugh and Dr. H. E. Epstein, incumbents, and Fred Schumacher, M. Duane Compton and Mrs. Henry Lovett.

Four Arrested After Damaging Tavern Door

David Meyer, 24, Las Vegas, Nev., and three companions were arrested by Madison police at 4:30 a.m. Friday after the group refused to leave a Madison tavern at closing time and broke the glass of a front door.

Meyer was charged with disorderly conduct, improper headlights on his car, destruction of property and carrying an open bottle of whiskey in his car. His companions, Max Amick, 25, St. Louis; Gary Marshall, 22, of St. Francis and Reynolds Amick Jr., Peach Orchard, Ark., were charged with disorderly conduct.

Police said the group refused to leave Johnny Lewis' Fourth street and Madison avenue, at the 4 a.m. closing time and became abusive to Mrs. Jeanne Lewis when she asked them to leave. As they finally did leave, about 4:20 a.m., Mrs. Lewis said, one of the men, whom she later identified as Meyer, used a heavy object to break the glass out of the front door.

Police located the group in a car driven by Meyer at Sixth street and Alton avenue a few minutes later.

N&W Earnings Increase To \$10.61 Per Share

The Norfolk & Western Railroad today reported 1966 earnings of \$10.61 a share, an increase of 10 1/2% over the previous high mark of \$9.59 in 1965. Net income for the year amounted to \$97.5 million against \$90.1 million in 1965. Increases in coal and merchandise traffic contributed to the improvement in net income, according to N&W President Herman H. Pevler.

The railroad's board of directors declared a quarterly stock dividend of \$1.50 a share payable on March 10 to holders of record Feb. 9.

County Public Aid Rolls, Payments Up in November

Public aid allotments in Madison county during November totaled \$384,738 for 7021 recipients, according to a report by Harold O. Swank, director of the Illinois Department of Public Aid. The November payments showed an increase of \$10,229 over the \$374,509 paid in October to \$708 clients.

Largest payments to be made in any one of the five classifications of assistance was a total of \$197,565 to 4308 recipients of Aid to Dependent Children, compared to \$185,725 paid to 4313 clients in October.

Old age assistance totaled \$68,861 for 1284 persons. In October, old age assistance amounted to \$60,362 was paid to 1082 clients.

A total of 590 recipients of disability pensions received \$56,858, compared to payments of \$56,008 for 592 clients in October. No-

Special Council Session Tomorrow

Granite City council members will meet in a special session at 8 p.m. tomorrow in the city hall to discuss the status of the south Nameoki road improvement and to hear details on how the city can apply for an urban renewal grant from the federal government.

Letters advising aldermen of the special meeting were sent out last week from the office of Mayor Partney.

The city was advised two weeks ago that the \$740,000 improvement project would be cancelled for this year, if the city did not acquire the right-of-way promptly. State highway officials from French Village have been invited to tomorrow night's meeting to go over detail work with the council and the city's appraiser and negotiator.

Officials of the federal Housing and Urban Development office at Chicago are expected to be present to give data to the council on making applications for a federal grant.

Justifiable Homicide Verdict in Cox Death

A verdict of justifiable homicide by a police officer while in the line of duty was returned by a coroner's jury, inquiring into the Jan. 18 shooting of Allen Cox, 28, of 508 Slough road, Venice. The inquest was conducted Thursday evening by Deputy Coroner Robert Thomas at Mercer Mortuary, 1416 Niedringhaus avenue.

The Venice man was shot fatally by Patrolman John Crook of the Venice police department about 8:45 p.m. Jan. 18, in the aftermath of a fight at the Robin's Nest Tavern, 113 Slough road. The Venice policeman was the only person to testify at the inquest.

The shooting took place when Cox and his brother, Eugene Cox, attacked Crook while being taken to police headquarters in a squad car. The patrolman fired a bullet into the car which struck Allen Cox in the right side. He died at St. Elizabeth Hospital at 9:21 p.m. the same day while undergoing surgery.

Eugene Cox is the father of three small children who were burned to death earlier that day in an explosion and fire that destroyed the family's home at 515 Slough road. The shooting victim and his brother became involved in a fight which Crook and another Venice police officer, John Meenan, attempted to break up at the tavern.

Mark Twain Institute Extends Applications

Applications for enrollment in the Mark Twain Summer Institute will be accepted until Feb. 6, although Feb. 1 is the official deadline, it was announced today. The institute, a six-week summer session for academically able and talented area high school students, is preparing its ninth session for June 19 through July 28. Most classes will be held at Clayton high school each week day morning.

Interested students may obtain applications from their high schools. Courses will include creative writing, music, theater, art forms, languages, mathematics, the modern universe, biology, advanced chemistry, computer concepts, each science, introduction to engineering, economics, theory of law, political philosophy and urban revolution.

Jasudowicz Back From Assignment in Iceland

Richard V. Jasudowicz, 21, son of Mike Jasudowicz, 1511 Fifth street, Madison, is in Puerto Rico after spending the past six months in Iceland with a parachute squadron. He has been in the Navy two and a half years. Currently awaiting further orders, he journeyed from Iceland to Puerto Rico by way of Brunswick, Me., in mid-January. He previously was stationed in Brunswick; his wife, Cheryl, resides there. Earlier assignments were at Great Lakes, Ill., and Lakehurst, N. J. A graduate of Madison grade and high schools, he worked at the McDonnell aircraft plant for a year before enlisting in the Navy.

Skids, Crashes on Bridge

A car driven by Ann Konopka, 3137 Davis avenue, skidded on ice covered pavement on the McKinley bridge at 9:45 p.m. Thursday and crashed into the south railing on the west end of the bridge, according to Venice police. The car was damaged in the front end.

Woman in Mishap Charged

"Miss driver" of Sovey Holt, 2400 S. 1st, and Dorothy Lockwood, 3012 Dale avenue, collided at 10:10 a.m. Thursday at Niedringhaus avenue and State street. She was charged with failure to yield the right-of-way and was summoned for a hearing by Feb. 10.

Mothers' March Tonight

Quad-Cityans Asked to Turn On Porch Lights

A request for all Quad-Cityans to turn on their front porch light this evening to aid volunteers seeking funds for this year's March of Dimes was made today by local campaign leaders. A number of residents living in rural areas were visited by workers yesterday, but most local families will be contacted, starting at 6 p.m. today.

Residents throughout Granite City, Mitchell, Pontoon Beach, Stalling, Madison, North Venice and West Madison are being asked to illuminate their homes and yard areas to assist more than 150 mothers who are expected to make door-to-door calls in their own neighborhoods this evening.

The volunteer workers will present each family with a special informative kit, containing literature about birth defects, now the primary target of funds donated in the annual campaign. Contributions collected by neighborhood workers in Granite City, Mitchell, Pontoon Beach and Stalling are to be turned in to drive officials from 7 p.m. today at the Granite City Trust & Savings Bank.

Madison volunteers are to leave donations with campaign leaders at the Madison Memorial Center, Seventh and Lee streets, while workers in West Madison-North Venice will deposit collections with drive chairmen at the West Madison Memorial Center, Second and Washington streets, West Madison, between 7 and 9 p.m.

Leaders of Campaign Heading the March of Dimes campaign and Mothers' Marches in the Granite City area are Mrs. Bernadine Haignauer and Mrs. Julia Lancaster, Madison leaders are Mrs. Julia Voloski and Mrs. Jean Voegeli, while spearheading the drive in West Madison and North Venice are Mrs. Louise Emerson and Mrs. Christine Haynes.

All donations collected in the Quad-Cities' door-to-door fund-raising effort, together with proceeds raised in the local communities through various benefit events held this month, are turned over to the Madison County March of Dimes Foundation. Adding to the local quota again this year is a \$750 donation from the Venice Crippled Children's Association's annual ball held Saturday night.

Since the discovery of Salk polio vaccine and the reduction in the number of polio cases, national March of Dimes leaders have allocated the proceeds from the annual drive to fighting birth defects, considered the nation's second greatest destroyer of life.

Authorities report that more than 15 million Americans of all ages have one or more birth defects.

Registration Tomorrow For CD Police Course

Persons interested in participating in a new training program under the auspices of the Granite City Auxiliary Police department may register at 7:30 p.m. tomorrow at civil defense headquarters, 1411 Nineteenth street. Entitled "Law and Order Training for Civil Defense Emergencies," the course is open to all Madison county auxiliary police officers and other area residents.

Classes will be held at the CD building from 7:30 to 9:30 p.m. each Tuesday for a ten-week period, starting Feb. 7. A 14-week semester will be conducted during the fall months. Auxiliary Police Capt. Harold Mayfield explained today.

Applications for membership in the Granite City auxiliary police unit also are now being accepted, the auxiliary police officer said. Prospective recruits are invited to obtain additional information and application forms any Tuesday evening at CD headquarters, Mayfield added.

Main-Broadway Mishap

Damage to the rear end of his auto was reported to Venice police Friday by Herbert J. Bischoff, 1101 Ponton road, as the result of an accident at 2 p.m. at Main street and Broadway. Bischoff told police his car was struck from the rear by one driven by Frank C. Pipes, 1334 Madison avenue, Madison. Pipes' car was undamaged, police said. Both cars were headed west on Broadway when the mishap occurred.

Bartylak Lowers Fees On Estates by \$870

A compromise reduction of a total of \$870 in attorney fees charged by former State's Atty. Joseph Bartylak for his handling of the estates of William and Lucille Wille was announced last week in the probate division of the circuit court at Edwardsville. He was a Collinsville attorney. "Two heirs who had objected to the fees, Dorothy Stelmach and William Wappler of Collinsville, told Associate Judge I. H. Streep-

er that they were satisfied with the settlement.

Bartylak's fee of \$1580 for the William Wille estate was lowered by \$370, and of \$3900 for the estate of Lucille Wille was lowered by \$500.

The Wille couple died in 1963. He was a Collinsville attorney. Judge Streep remarked that the estates had been poorly handled and remained outstanding until last September when inquiries were received.

Bartylak recently filed reports and settlements on two other es-

State Officer Forecasts

More Job Opportunities in State in 1967 With New and Expanded Industries

New job opportunities in 1967 through industrial development projects by \$46 new or expanded plants were predicted for Illinois by Gene H. Graves, director of business and economic development for the state.

Graves was speaker Thursday evening during the 53rd annual meeting of the Manufacturers' Association of the Tri-Cities, held at the Missouri Athletic Club, St. Louis.

A. P. Steinhauer, first vice-president, who is works manager at American Steel Foundries, presided over the business meeting in the absence of N. R. Brink, president, who has been transferred to the Kanawha by A. O. Smith Corp.

Directors elected for 1967 are—Gerhard Ansel, plant manager, Dow Chemical Co.; D. I. Davis, vice-president, General Steel Industries; J. F. Gerst, general superintendent, National Lead Co.; L. E. Gully, executive vice-president, Granite City Steel Co.; Paul Kamp, plant manager, A. O. Smith Corp.; A. A. Schweitzer, vice-president, Laclede Steel Co.; Steinhauer; Robert Stott, plant manager, Union Stryker & Refining Co.; and Sidney Womack, superintendent, A. P. Green Refractories Co.

8.5% Income Gain
In predicting an expansion of jobs throughout the state this year, the guest speaker told the manufacturers of the 8.5% gain in personal income by residents of Illinois during 1966.

He noted that G. Kerner is predicting that the average 1967 unemployment compensation tax rate will be the lowest in the state's history and quite possibly the lowest in the nation. "The 1966 rate in Illinois was the nation's second lowest," Graves added.

New and expanded facilities in the state this year are expected to amount to \$52,015,000.

"The foundation of continued economic growth is the business climate of the state. Our tax climate is ideal. We have no imposing taxes harmful to business development. We have no corporate income tax and no personal income tax. Certainly Illinois can be compared with any other industrial state."

"The nine-month average of employment in Illinois during

1966 increased by more than 3% over the corresponding 1965 period, adding 142,000 persons to the work rolls.

"The employment rise correspondingly reduced the number of unemployed persons by 13% to 2.3%—well below the national average."

Area Jobless Only 1.8%
"Here in the Tri-Cities area it is 1.8%," Graves pointed out. Giving data on his department, Graves said the Department of Business and Economic Development has 38 professional men who function in seven fields—industrial and community development, tourism promotion, export expansion, water and natural resource development, research and development, local and regional planning and state technical services.

"We are currently supplying over 100 communities with economic facts to help them attract new plants. Our current files have an active list of about 200 prospects."

He said the division's operation in cooperation with private and community industrial development organizations, civic associations and chambers of commerce has resulted in added benefits for the state.

"I need only point to the Jones & Laughlin Steel Corp. in Hennepin, Chrysler in Belvidere, Oscar Mayer in Beardstown and the Lehigh-Alto in Ottawa to prove how this cooperation pays off."

Growth in Tourism
"The state's tourism program is one we can all point to with pride," he continued.

Graves told how tourism reached the \$2 billion mark for the first time in 1965 and continued to climb in 1966. Of the total, \$1.2 billion, nearly 80% was spent by 52 million visitors from other states.

The state director stressed the importance of Illinois' future economic growth being based also on increased industrial and agricultural activity in foreign markets.

"In our department we stress person-to-person services to a potential investor, if possible, we expedite an export sale for a small or medium-size company. Included in this was the sponsorship of the Illinois Trade Missions to the Far East and to

Europe, with the objective to bring the heads of small Illinois companies in direct contact with foreign buyers to negotiate business and conclude contracts.

"We could not be happier with the results. Business transactions totaled over \$2 million," Graves said.

New Wall Plaque
Each manufacturer member present was given a new wall plaque with the name change from East Side Manufacturers' Association to "The Manufacturers' Association of the Tri-Cities." The pattern for the plaque was produced locally by Armette Pattern Co. and was cast in bronze at the Madison Aluminum Foundry. The presentations were by Ansel, second vice-president, who also gave a brief history of the association.

A report submitted by William F. Hoelscher, general manager-secretary, who noted that among the member facilities employment was up 500 in 1966 over 1965. Industries with expansion programs last year included Granite City Steel Co., Air Products & Chemicals, Inc., American Steel Foundries, A. P. Green Refractories, Inc., Laclede Steel Co., the Nestle Co. and A. O. Smith.

Hoelscher inaugurated a "Let George Do It" award for members solving problems of the association. The first award went to Donald F. Cairns, engineer for the blast furnace department of Granite City Steel Co., for his work in the air pollution control field.

Special guests at the dinner meeting were—State Sen. Paul Simon, State Rep. Lloyd "Curly" Harris, C. E. Townsend of the Press-Record, Carl Ranft of the Tri-City Port Authority, Howard Kaseberg and Howard Colquhoun of the Chamber of Commerce, Frank Mansfield of the East Side Associated Industries, Atty. Randall Robertson, Harold Fischer and Henry Karandjeff, local bankers.

P. S. Blake of A. O. Smith, W. P. Mundy and J. Webb of A. P. Green, Chris Kacaleff of Chris-Kaye Plastics Mfg. Co., William Harter of Wagner Steel Up Bottling Co., Sam Fox of Fox Brothers Industries and C. H. Walcher, retired, American Steel Foundries, and association president in 1965.

Libraries Topic of Secretaries' Dinner

"Your Library—How Is It Stacked?" will be the meeting subject of the Tri-Cities chapter of the National Secretaries Association (International) Thursday at 6 p.m. at the Round Table restaurant. Collinsville, Ill., was announced by Mrs. Helen Giesemann, chapter president, secretary to Rod Key of the Granite City Metal Decorating Co.

The chapter is one of 575 in the U. S., Puerto Rico and Canada participating in NSA's fifth annual "program" to concentrate attention on the importance of well stocked and staffed libraries to the business community.

The meeting will cover the resources and best use of the library in Granite City. Speaker on the library program will be Vasil Efthimof, a Prather junior high school counselor and a member of the library board. It was reported by the NSA program chairman, Mrs. Bettie Davis.

A message received by the Tri-Cities chapter president from Miss M. Merle Law, CPS, international president of the NSA, whose 25,000 members are observing in 1967 their 25th anniversary, relates that other secretarial organizations have been invited to participate in the NSA library program. The invitation was the result of interest expressed at last November's meeting of the World Council of Secretaries of Educational Secretaries and National Association of Legal Secretaries.

Local secretaries and others interested in attending the dinner meeting may make a reservation by calling the service committee for February. Miss Jane Smith, General Steel Industries, or Miss Ruth Meek, A. O. Smith Corp.

New Sewer Break On Maryville Rd.; Attempt Repair

The A. H. Seebold Co. today began an attempt to repair a break in a main sanitary sewer line on Maryville road near Woodlawn avenue, Street Supt. William Warfield reported.

The break was discovered last week by a city sewer maintenance crew. It is 16 to 18 feet underground and is believed to consist of a crack in a collar of the sewer pipe near a manhole.

Minor flooding in one basement was reported. The sewage is being pumped around the break pending repairs. Extent of the problem remains to be determined. Today's effort was to consist of excavating with a crane and gradually lowering a box structure toward the sewer line, Warfield explained. The box is an alternate to installation of a new pipe.

The break is about 200 feet from a previous Maryville road sewer break that cost about \$80,000 to remedy, the street superintendent recalled.

While there is no way of ascertaining the cause at this time, the break could have resulted from the pipe being shifted about by water and sand, Warfield said. The line is lower than the surface of the water table in that area, he added.

Tip Leads to Arrest
Haywood M. Rush, 29, and William Taylor, 22, both of St. Louis, were arrested by Madison police at 5 a.m. yesterday on theft charges. They were arrested at Second and Webster streets on a tip given police by a witness who said he saw them take the battery from a car owned by Otis Matthews at Lee Wright Homes. Rush was released on a notice to appear at a magistrate's hearing Feb. 15 and Taylor posted \$50 cash bail for a hearing Feb. 8.

GC Steel Earnings Up Despite Drop in Sales

Granite City Steel Co. had a net income of \$10,380,000 or \$2.39 per share of common stock, in 1966 compared with \$10,151,000, or \$2.34 per share, in 1965. Nicholas P. Veeder, board chairman and president, announced today at a meeting here of the board of directors.

Earnings were up slightly although 1966 sales of \$159,200,000 were down 4.4% from 1965 sales of \$166,551,000. The firm earned 6.9% on sales in 1966 and 6.5% in 1965.

Directors today declared a first-quarter cash dividend of 35 cents per share of common stock, payable March 15, to stockholders of record Feb. 24. The company produced 1,477,000 tons of ingot steel in 1966 and shipped 1,063,000 tons of plate, hot and cold rolled sheet, galvanized sheet and other flat rolled steel products compared with 1,421,000 tons of ingot steel produced and 1,150,000 tons of products shipped in 1965.

Efficiency Improvement
"We were able to maintain our profitability despite higher employment costs and increases in the cost of most of the supplies and raw materials we purchase," Veeder said. "The effect of these added costs on our profits was offset by improvements in operating efficiency in some production departments, a 2% increase in base prices for our hot rolled and cold rolled products on Aug. 10 and a slight decrease in steel scrap costs."

"We are fortunate in that our 1965-1967 expansion and modernization program was fully committed prior to the suspension of the investment tax credit. This deduction from tax liabilities added \$450,000 to our earnings in 1965 and \$1,850,000 in 1966 and a substantially higher figure will be available in 1967. The investment credit provides us with assistance in covering interest and other costs resulting from our construction program in the period before we can obtain any benefit from the completion and operation of our new facilities."

The company has operated at a fairly high level in relation to the present capacity of its plant for the last three years, Veeder said, while building massive new production facilities "to lift Granite City Steel off the plateau it has been on for the last several years and raise the company to a new level of competitive strength and importance in the steel industry."

New Facilities

The company recently began to operate its third continuous galvanizing line and later in 1967 will complete a new basic oxygen furnace steelmaking plant and an 80-inch computer-controlled hot strip mill. The new iron ore mine and pellet plant at Pilot Knob, Mo., is scheduled to begin operating early in 1968.

"We have much to gain from this program," Veeder said. "The elimination of production bottlenecks in our rolling and finishing departments will allow us to take full advantage of future peak periods in the demand for steel. We will be able to produce a broader line of flat rolled products and to compete for a larger share of the growing market for our products."

Granite City Steel's results for 1966 are taken from preliminary and unaudited figures. Earnings per share are based on 4,332,278 shares of common stock outstanding at Dec. 31, 1966.

Runs Up \$5 Cab Bill; Can't Pay, Is Jailed
Arlice R. Degonia, 30, of 654 Bend road, was held in the Madison County Jail this morning on a \$5 cab bill. She was arrested by a police officer who conducted a search out of his alleged failure to pay a \$5 cab fare.
Michael Orasco told Madison police that Degonia called for a cab at a Market street tavern near midnight yesterday. When he answered the call, Orasco told her that Degonia told him inside the tavern and wait. The cab driver said he waited more than an hour, then asked Degonia if he was going to get in. She said she was not.
Degonia, the cab driver related, argued that he couldn't because he didn't have any money.
"He just wanted me to hang around," she said. "He said, 'Orasco complained to police."

Card of Thanks 32
THE FAMILY OF JOHN (BUCK) JONES wishes to extend heartfelt thanks to relatives and friends for kind words of sympathy and floral offerings which they received. Dr. W. W. Bowers, St. Elizabeth Hospital staff, Rev. and Mrs. John P. Hulse, and others who assisted in many ways.
We wish to express our deep appreciation to our many friends, relatives and neighbors for their comfort and prayers, beautiful floral offerings and many acts of kindness in the loss of our beloved husband, Roy A. NEW LOW PRICED HEARING AMPLIFIER PERFECTED
Hearing is rapidly becoming the most neglected of the senses. Thousands of people have hearing sub-normal hearing are with mounting strain and tension because they cannot afford expensive aids.

An Engineer has perfected a PERSONAL AMPLIFIER which offers new hope to these people. Designed for those who can hear but do not always understand, this tiny compact unit can provide the help people need to live full active lives. Weighing only a third of an ounce, without wires or cords, this amazing electronic marvel hides behind the ear. Space-age techniques make it possible to offer the PERSONAL AMPLIFIER at a very small fraction of the cost of a hearing aid.
